RE: Dunn Mines
Atlas Minerals
San Juan County, Utah
ACT/037/017

Dear Mr. Dye:

The Division staff has reviewed Atlas Minerals amendment to the Dunn Mine Mining and Reclamation plan. It is felt that this plan can be approved with the following stipulations:

1) The reclamation surety be increased to cover the reclamation of the additional areas of disturbance. The Division has calculated the additional cost for reclamation to be \$2,000.00. This is broken down as shown:

Sealing of vent hole	=	\$ 1,000
Revegetation of 1.4 ac.	=	\$ 245
Regrading of 1.4 ac.	=	\$ 400
Inflation factor	=	\$ 355
		<u>\$ 2,000</u>

This would bring the total surety to \$11,500.

2) The Mined Land Reclamation Contract for the Dunn Mine be revised to reflect this new amount.

The Division has revised the contract form under direction of the Board of Oil, Gas, and Mining. A copy of this form is enclosed for your completion and return.

If you have any question please contact Thomas Suchoski or myself.

Sincerely,
